Truth Not Only A Quality, Can Pay Off Materially

"TRUTH," says Mr. Webster in his big book, can be "verisimilitude."

That is on Page 1075 of the book on my desk.

"Verisimilitude," he says, "is the quality or state of being verisimilar."

And right up above "verisimilitude" is "verisimilar."

"Verisimilar," Mr. Webster declares, is "having the appearance of truth or reality."

Which brings us back to Truth. And when we think of Truth, of whom do we think as February 22 approaches? George Washington, of course.

• • •

I was a bit stunned yesterday as I read a short letter from my friend, Dr. Clark R. Yost of Eldorado.

"It may be late for the observance of Washington's birthday, but here is an important correction in his biography that I hasten to release to the long misinformed public," he started out.

And he continued:

"I have just learned from a friend in Moultrie, Georgia, who has her information from unimpeachable sources, that George was born in Texas.

"It was there, not Wakefield or Mt. Vernon or The Ferry Farm, that he cut down the cherry tree. When his father came home he was furious. He lined up all the boys and the workers on the place and was giving them a rough time when George came forward and said:

"'Father, I cut down the cherry tree. I cannot tell a lie.'

"At this the old man was greatly upset. He took George aside and said:

"'Son, we must go back immediately to Virginia where our folks came from. They will never let anyone live in Texas who cannot tell a lie.'"

• • •

Well, people, you're going to be hearing a lot more about Truth the next few days. I bet you figured that Truth was solely a quality, something that should prevail

But Truth can pay off in a material way, too. You'll be finding out if you persist in peekin' at the pages of the paper. I've been soonin' around the town and have seen a lot of hatchet men busy doing a lot of chopping down. Maybe they're not working on the cherry tree but they're doing a lot of slashing.

Extinguish Box Car Fire

The Harrisburg fire department extinguished a box car fire in the New York Central railroad yards at 5 p. m. yesterday.

The interior of the box car was discovered afire in an inaccessible part of the yards and was pulled by locomotive to near the yardmaster's office, where the fire was put out.

The box car was empty.

Fire Chief L. G. Martin reported part of the floor was burned out and the entire interior charred.

City to Pave West Lincoln

Project from McKinley to Dennison This Year Approved by Council

The Harrisburg city council yesterday passed a resolution to pave West Lincoln avenue this year and voted approval of a number of bills.

The paving resolution, which appropriated motor fuel tax funds to finance the project, calls for 2,190 feet of bituminous concrete base and surface, 30 feet wide with storm sewers, concrete curb and gutter, on Lincoln from McKinley west to Dennison.

The motion was passed unanimously after R. R. Brown, motor fuel tax engineer, said he had received information that the asphalt mixing plant set up last spring on Barnett street planned to remain here this summer.

Plant Erected Last Year

If so, he said, bituminous material could be obtained at a cheaper price than if it were hauled from Benton, Anna or some other point. Therefore he recommended the bituminous base and surfacing.

The plant was erected last year to do blacktop resurfacing on Route 13 in Williamson, Saline and Gallatin counties and the city benefitted then by getting the blacktop material for South Main and Robinson from this plant.

So if the street is paved according to the resolution, it will be exactly the same type as the South-Main-Robinson project.

Bills approved were:

Balance due J. D. Barter Construction Co. on building new wall at water treatment plans—$367.60;

Mitchell Construction Co., final payment on South Main-Robinson paving project—$6,752.54;

Skaggs Electric Co., final bill on installation of traffic signals at Main and Poplar—$697.56;

R. R. Brown, $659.12 for engineering on South Main-Robinson project and $226.42 for engineering on traffic signals.

John Deputy, manager of the Harrisburg Mill and Elevator Co., presented council with specifications from the Underwriters Inspection Bureau for an incinerator he plans to build at the mill. He said that there would be no increase in fire insurance rates in the area if built according to the standards and built at least 50 feet away from other buildings. He said he planned to follow the specifications and build it more than 50 feet away from any building.

Charles Duncan, who lives in the 800 block of West Raymond avenue, appeared to see if the city could do something about water standing in his area. He showed pictures he had taken of standing water, made after the rains of a week ago.

Wayne Bridges, seeking a limit on the number of cabs in the city, submitted a list of proposed fares he would charge if an ordinance limiting the number is passed. They ranged from 25 cents for taking a single passenger less than ten blocks to 75 cents for one person and ten cents for each additional passenger for making a trip from 25 to 30 blocks in length.

February Birthdays, Observances Listed At Kiwanis by Miss Alvina Shestak

The many observances and birthdays of famous people during the month of February were discussed by Miss Alvina Shestak, member of the HTHS faculty, at a meeting of the Kiwanis club last night at the Masonic temple

February, she stated, was derived from Roman purification ceremonies and told of early Roman observances during the month such as Candlemas Day on February 2 commemorating the Purification of the Virgin Mary, the day when candles were blessed.

Observances in this country begin with Ground Hog Day. Then there are American Heart month to focus attention on the heart problem; Race Relations Day; National Defense Week between the birthdays of Lincoln and Washington; American Week by the Jaycees to rededicate to American ideals and love of God; National Crime Prevention Week; Boy Scout Week and Brotherhood Week.

Famous birthdays include the three greatest — Thomas L. Edison, Abraham Lincoln and George Washington.

S.; William Allen White, St. Valentine, Cyrus McCormick, Cardinal Newman, Chopin, Lord Baden Powell, Coronado, Buffalo Bill Cody and Henry Wadsworth Longfellow.

Ask Regulation Of Firearms in Illinois Colleges

SPRINGFIELD (UP)—A shooting incident in which a Southern Illinois University student was killed recently has prompted introduction of a bill in the Legislature to regulate firearms in Illinois colleges.

Sens. William Lyons (R-Oakland) and William L. Grindle (D-Herrin) introduced the measure in the Illinois Senate Tuesday. It would require students having firearms at private or public schools or colleges to register them with school authorities.

Lyons said the death of Robert Batura, an SIU student from Danvers, Mass., during a dormitory scuffle indicated a need for strict regulation of firearms owned by students at Illinois colleges.

The measure would require registration of firearms and the checking of them with school authorities under a sign-out system when they are used for sports events.

Violations would subject the students to expulsion from school.

Illnesses Cause Unusual Number of Absences in City, High Schools

Colds, measles, mumps and other ailments, all of which have reached almost epidemic proportions, have caused an unusual number of absences from schools in this area during the past two weeks.

The Harrisburg Township high school and the Harrisburg City schools have been hard hit. Tuesday a total of 169 pupils were absent from the city schools—more than ten per cent of the enrollment and about three times the normal rate of absenteeism.

At the high school 154 were absent yesterday out of a total enrollment of less than 800. There were 142 absent today.

Brose Phillips, Dorrisville school principal, reports a more favorable situation with 24 absentees today, but he fears his school has only begun its rounds, since three cases of measles broke out in the class rooms Tuesday.

Doubtless many of those exposed due to this situation will have measles within the next few days, he said.

The absenteeism has not been confined to pupils. Russell Malan, city school superintendent, is confined to his home. Absent from the high school yesterday were Miss Alta Davis and Miss Bernice Patterson, teachers, and John Dotson, teacher and head basketball coach. However, Mr. Dotson was back in school today.

A report from the high school said a majority of the absences was due to the three-day type of measles. However there are cases of the regular, more severe type of measles in town, a doctor reported.

The high school reported, too, that there was absence due to flu and colds and that there were reports of scarlatina. The dictionary defines scarlatina as scarlet fever; however, the Egyptian Health department, which is supposed to have all cases of scarlet fever reported to its headquarters, said today there have been no reports of scarlet fever turned in for at least two weeks.

James Beers, assistant principal, said the absenteeism this week was the most he could recall in the ten years he had been at the school.

Some recovery was evidenced today in the city schools, as the number absent dropped 20 from yesterday's 169, Fred Armistead, assistant superintendent, reported. Armistead said there were cases of measles but that most absences seemed to be due to virus illnesses.

Two of the usual starting five on the Junior high school basketball team were ill and were not able to play in the state tournament yesterday at Herrin, where the local team was eliminated.

The Egyptian Health department said that in the case of measles, placarding of premises is not required but that isolation of the patient is required. There are no restrictions on contacts.

In addition to the disruption of studies for the absent students, absenteeism is a financial liability to a school district since state aid is paid on the basis of daily attendance. Each day a student is absent costs a district between 50 cents and one dollar, depending on the average amount per pupil per day received.

Confers with Leaders on Sanctions Issue

Dulles, Lodge, 26 Congressmen Present at Meeting

WASHINGTON (UP) — President Eisenhower conferred with congressional leaders on the Middle East crisis today and the White House announced he would make a nationwide radio and television address tonight to discuss "the present situation."

White House Press Secretary James C. Hagerty refused to say whether Mr. Eisenhower would discuss sanctions against Israel in his talk tonight.

The issue of sanctions was, however, discussed at a meeting of more than two hours between President Eisenhower and congressional leaders who are overwhelmingly opposed to any United Nations move to punish Israel.

Speaker Sam Rayburn told newsmen the U. S. position in Thursday's U. N. consideration of the issue was not disclosed but "it was pretty clear that they thought they (the U. S. delegation) could not stop the sanctions resolution if they tried."

Hagerty issued his statement after the meeting, at which the congressional leaders said the U. S. attitude toward sanctions was not resolved one way or another.

Hagerty said the President would "talk on the present situation in the Middle East," and on Israel's refusal to withdraw troops from Egyptian territory.

26 Congressmen Present

The President will speak at 8 p. m. CST, for a half hour. The speech will be carried "live" on CBS radio and television, ABC radio and television, NBC radio and MBS radio. NBC television will carry a filmed version of the speech at 9:30 p. m. CST.

Secretary of State John Foster Dulles said he expects Mr. Eisenhower to discuss the sanction issue "later today"—presumably in his speech tonight.

Dulles and Henry Cabot Lodge Jr., U. S. ambassador to the United Nations, sat in on the White House meeting between Mr. Eisenhower and 26 House and Senate leaders from both parties.

Senate Republican Leader William F. Knowland, strongly opposed to sanctions against Israel, said the subject was thoroughly discussed but that this country's position "is not formalized as of the moment."

"Situation is Grave"

Senate Democratic Leader Lyndon B. Johnson, also opposed to sanctions, said he heard nothing at the conference that would change his views. Concerning the overall Middle East picture, Johnson said:

"It is no secret that the situation is grave."

But he said the congressional leaders "did not offer any pledges" to the administration "nor were any pledges asked." He said the administration did not put any specific proposal on the subject of sanctions before the leaders.

"It was a full and free discussion and an exchange of views," Knowland told newsmen. "No final conclusions were reached."

Asked if the United States is still considering whether it should support sanctions if voted by the United Nations, Knowland said only that the subject "has certainly been under consideration in the United Nations."

Asked if he believed the odds were for or against support of U. N. sanctions, the senator replied

Our Strangely Beset Youth

Editorial — BY BRUCE BIOSSAT

FBI estimates indicate that juvenile crime increased substantially in 1956. The rise on a national level is sufficient to cast doubt on the effectiveness of many programs of juvenile aid.

The figures for New York City, as released by its police commissioner, are especially sobering.

New York often reflects marked exaggerations of national trends. But evidently its crime showing is more typical. And the size of the figures gives them great impact.

For 1956 it had a 32.5 per cent increase in crimes committed by children under 16 years. In the 16 to 20 group, the rise was 12.7 per cent.

Altogether, 8,714 boys and girls under 16 were arrested, as against 6,578 in 1955. Those seized for major crimes were 4,848, an increase of 27 per cent over 1955.

In the 16 to 20 group, all arrests totaled nearly 14,000 in 1956, with arrests for major crimes rising to 5,418 for a percentage advance of 15.9.

Not only the number of offenses but their nature gives cause for deep concern. This seems to be the age of pointless crime, excessively cruel crime, and crime for mere sport.

To get $75 from an old man in a wheel chair, three boys tortured him.

For a little "sharpshooting" fun, four boys aged 13 to 15 singled out a 12-year-old lad on a street below their vantage point and killed him.

Three sailors hunting for a church in Brooklyn on Christmas eve were stabbed by a pair of 15-year-olds. One sailor died of his wounds.

These are extreme but not isolated instances which can be multiplied not only in New York but in many cities in the United States.

We don't need to remind ourselves that the overwhelming proportion of American youth leads a normal, crime-free life. Nor can we brush the matter off by observing that crime—committed by both young and old—has always been with us.

The point is that, particularly among youthful Americans, there is more of it with us than ever before. And this despite much intelligent, energetic effort aimed at directing the physical and emotional "drives" of our young people into healthy, useful channels.

What has been done may have prevented matters from being worse. But obviously all this effort has not made matters better.

We need a long, hard and completely fresh look at juvenile crime and the factors which produce it. For we are not making good progress in a field that is fundamental to the development of sound character in our future citizenry.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: General George Marshall Made Plea To Retain Army Funeral Horses; Ike Saved The Horses After Reviewing Marshall's Plea; Secretary Folsom Gets Into Trouble Over Appointing Chief Of Children's Bureau.

WASHINGTON. — A lot of people had a hand in saving the seventeen Army funeral horses at Ft. Myer, Va., including General George C. Marshall and a little girl in Wayne, Maine. But the man who really saved them was the commander-in-chief, Dwight D. Eisenhower. Here is the inside story of what happened.

The man who chiefly wanted to get rid of the horses was the secretary of defense, Charles E. Wilson, who has spent his life building horseless carriages and who is definitely anti-horse. He also has a mad on against the Veterinarian Corps, and ordered a survey of all the animals in the Army to see how many were really needed and why we needed any vets to care for them.

The survey showed 116 horses, 314 mules, and 950 dogs left in the Army. It also showed that horse-drawn funerals were considerably more expensive than motorized hearses. At this point and without waiting for an order from Secretary Wilson, General Wilkiston Palmer, vice chief of staff, ordered the end of horse-drawn funerals at Ft. Myer. General Maxwell Taylor, the Army's chief of staff, was absent at the time.

The reasons General Palmer moved without an OK from above, according to Pentagon sources, is that he knew Secretary Wilson was anti-horse. His Pentagon critics also claim that General Palmer was angling for the post of chief of staff after General Taylor's retirement

At any rate he signed the order.

LITTLE GIRL'S PLEA

Then came the reaction. Some of the reactions came from this column. Following its publication, Congressman Carl Vinson of Georgia, potent chairman of the House Armed Services committee, was deluged with letters. One which particularly touched Vinson came from Paula Swasey of Wayne, Me., who wrote:

"Dear Rep. Vinson: I am ten years old. I have always wanted a horse. I read in the newspaper where you migh' have to get rid of the 17 Army horses. If you have to get rid of them, I would like to have one.

"I would take good care of it because I love horses.

"Sincerely Yours,
Paula Swasey"

Touched by the letter, Congressman Vinson wrote back:

"Dear Paula: I wish it were within my power to give one of the Army horses to a fine young lady like you, because I know you would give " a good home. But they are not mine to give.

"So while I regret that I cannot send you one of the horses, I'm sure that you would be just as happy if you knew that the horses would continue to be used in keeping with one of our great traditions in honor of our deceased military heroes.

"I shall do everything I can to make that possible."

HORSES' BEST FRIEND

He did. However, other potent persons wer also working on behalf of the Army horses, one of them being General George C. Marshall, former chief of staff and former secretary of defense. He called the White House and asked to speak to the man who used to take wartime orders from him.

Marshall once promoted Eisenhower from lieutenant colonel to lieutenant general in less than a year, also recommended him as commanding general for Europe. But Eisenhower didn't take his call. Marshall had to settle for General Wilton Persons, Ike's aid» whom he urged to keep the Ft. Myer horses. Persons relayed the message to the President.

At this point the President himself intervened. He ordered horsedrawn funerals at Ft. Myer continued. It was just as simple as that.

Note—One aftermath of the "battle of the Ft. Myer horses" is that General Palmer, who ordered them out of the Army, is going to be out of the Army himself. It may be reversed later. But as of this writing, the plan is to retire Palmer. He, instead of the Ft. Myer funeral horses, will be put out on pasture.

ROW OVER CHILDREN'S CHIEF

Secretary of Health, Education and Welfare Marion Folsom is in the middle of one of the hottest, undercover rows in Washington as a result of backtracking on the appointment of a new head of the children's bureau.

He had originally selected Dr. Florence Clothier, a distinguished Boston psychiatrist and expert on child problems, but reversed himself after learning of opposition from the Catholic archdiocese of Boston. Dr. Clothier was former president of the Planned Parenthood League of Massachusetts which has been active in advocating birth control.

Dr. Clothier of the famous Quaker Clothier family in Philadelphia, had been strongly recommended as director of the children's bureau by Dr. George Berry, dean of the Harvard Medical school, a close friend and adviser of Secretary Folsom. Her appointment was on the verge of official announcement when friends of the Boston archdiocese protested.

Her name has now been withdrawn. At first it was admitted unofficially that objection from the archdiocese was the reason. Following a deluge of protests to Secretary Folsom, however, this was denied. It was explained that Dr. Clothier was rejected because it was considered wise to select a social worker rather than a psychiatrist to head the children's bureau.

Secretary Folsom has been so bombarded with protests that he is anxious to appoint a chief of the children's bureau as soon as possible to end the disruption of his office. It's reported that he will appoint Mrs. Katherine Brownell Oettinger, head of the School of Social Work at Boston university. Mrs. Oettinger is a social worker. Mrs. Oettinger has even gone so far as to come to Washington to arrange for quarters for her horse.

Three Trillion in Checks Written by Americans in 1956

NEW YORK (AP) — Americans wrote checks last year to the prosperous tune of three trillion dollars—the first time in history that mark has been reached, the trade newspaper American Banker reported today.

The publication said nine billion checks were drawn on and paid by the nation's 14,000 banks in handling the "colossal" transactions.

It said the 1956 figure was more than $200 billion higher than the previous record of $2.9 trillion estimated for 1955.

SALE of DOGS

Three Days . . . . Thursday, Friday and Saturday

"Dogs" in the merchant's language are items of merchandise that customers didn't want or didn't buy and have been around too long for their own good. It's merchandise under our feet. We've dug up some elderly "Dogs" for clearance during our 9th Annual Sale Thursday, Friday and Saturday at low, low prices. We're tellin' you maybe more than you'd like to know about 'em. If you don't want them for yourself, buy them anyway. You can always give 'em away. Fortunately, most quantities are very limited. All doors open promptly at 9 o'clock.

Men's Store

DON'T GET EXCITED! . . . If you think these are rare specimens, just take a good look at some of our other "dogs." Bet you'll decide one of these eight $6.95 to $8.95 men's wool sport shirts is not so bad at just $3.88

WE CANNOT TELL A LIE . . . Somebody goofed here which explains why we're begging you to come runnin' tomorrow to pick up some of these men's 55c to 65c and 75c cotton socks at a mere ..... 33c PR.

NOBODY EVER GETS TOO OLD TO LEARN . . . but we just keep puttin' it off. By now we should have known that you wouldn't pay us $45 for men's wool suits like these. Now we'll just hope for the best during "Dog Days" when we'll be on our knees asking you to take your pickin' choice of any of these 40 suits for only $22

BACHELOR FRIENDS . . . You've undoubtedly failed to embrace some of your opportunities. But here's one you'll be sorry if you miss (and we will be, too) . . . your chance to pick up one of these four $24.95 wool sport coats in every size but yours for less than half our original asking price. Sure they're "doggy"! Any other good reason for pricing them at $10.88

WE'RE CONVINCED NOW . . . Believe we could pick a lemon in a peach orchard judging by our past experience. Guess that's how we happened to choose these three poplin raincoats from a famous brand of good sellers. They have no pockets and not sure they're water-proof but they're definitely sale-proof at $8.50. Tomorrow, please don't offer us more than $3.00

NO WAITING HERE . . . if you want to see the man about a "dog" 'cause he's got 'em and plenty! And, don't you believe he doesn't want to get rid of 'em during "dog days" Thursday, Friday and Saturday. That's why he's reduced the fare on these $1.50 neckties to just— 50c

YOUR WIFE LIKE AN UMPIRE? . . . Can't convince her you're safe when you're out? Just like the boss. He says we won't be safe until we're out of the last one of these 20 pairs of men's $12.95 oxfords. You'll have to see 'em to appreciate 'em. But, just to make sure you're safe this time we'll let 'em go tomorrow for ..... $5.00 PR.

NO SPEAK CHINESE . . . no yen tu. Just want to tell you in plain English that, if you get in line tomorrow by 9 o'clock, you might rush in and grab one of these two men's $9.95 poplin robes for $3.44

CONFUSIN' TO US . . . but what isn't? Just never dreamed that we'd have to let these thorobreds go at such a reduction. Forget that we ever asked you $6.95 to $8.50 for these men's felt hats and see what one of these will do for you tomorrow at $4.00

YOU'LL LOOK SNAPPY, PAPPY . . . in one of these fancy cotton tee shirts that were made to sell for $1.95, according to the manufacturer. We'll confess we can't make 'em sell for that price. Don't know how we'll do now but we're goin' to try 99c

THE DOG-GONDEST SALE of the year — Hart's 9th Annual "Sale of Dogs." If you've never attended a "Dog Sale," you can't imagine what you've missed. You owe it to yourself to be on hand tomorrow morning, ready to rush in when all doors open promptly at the sound of the gong at 9 o'clock. Don't blame us if you're two minutes late. Of course there are many other "Dogs." Time and space ran out.

MAY HAVE A GOOD HEAD ON YOUR SHOULDERS . . . but you can't be too careful whose it is. Don't worry here because it doesn't make any difference which one of these men's rayon jackets you pick 'cause one is just as bad as the other. Only six to be slashed from $9.95 and $12.95 to $4.99

SPACE ENTHUSIASTS, YOU BET! . . . We're just tryin' to put a lotta' space between us and these six men's wool loafer coats. They're loafers alright at $9.95. During "dog days," we'll give you our best Liberace smile if you'll just slip us $4.44

REAL WACKY EXPERIENCE . . . we've had with these thirty men's leather belts trying to sell 'em for $1.50. So, tomorrow we've decided to wack the price and see what experience we have when we quote you 50c

BRING A LEASH . . . for these "dogs" are unruly at times—just won't stay put. We're referring, of course, to this special group of men's dingy white nylon shorts that want to slide from hither to yon. Roam as they will they've never left us at $1.95 nor 99c. Tomorrow, we'll try to tie 'em down long enough for you to look 'em over and hand us ..... 48c PR.

BACHELOR FRIENDS . . . You've undoubtedly failed to embrace some of your opportunities. But here's one you'll be sorry if you miss (and we will be, too) . . . your chance to pick up one of these four $24.95 wool sport coats in every size but yours for less than half our original asking price. Sure they're "doggy"! Any other good reason for pricing them at $10.88

They have no pockets and not sure they're water-proof but they're definitely sale-proof at $8.50. Tomorrow, please don't offer us more than $3.00

NO WAITING HERE . . . if you want to see the man about a "dog" 'cause he's got 'em and plenty! And, don't you believe he doesn't want to get rid of 'em during "dog days" Thursday, Friday and Saturday. That's why he's reduced the fare on these $1.50 neckties to just— 50c

YOUR WIFE LIKE AN UMPIRE? . . . Can't convince her you're safe when you're out? Just like the boss. He says we won't be safe until we're out of the last one of these 20 pairs of men's $12.95 oxfords. You'll have to see 'em to appreciate 'em. But, just to make sure you're safe this time we'll let 'em go tomorrow for ..... $5.00 PR.

NO SPEAK CHINESE . . . no yen tu. Just want to tell you in plain English that, if you get in line tomorrow by 9 o'clock, you might rush in and grab one of these two men's $9.95 poplin robes for $3.44

CONFUSIN' TO US . . . but what isn't? Just never dreamed that we'd have to let these thorobreds go at such a reduction. Forget that we ever asked you $6.95 to $8.50 for these men's felt hats and see what one of these will do for you tomorrow at $4.00

YOU'LL LOOK SNAPPY, PAPPY . . . in one of these fancy cotton tee shirts that were made to sell for $1.95, according to the manufacturer. We'll confess we can't make 'em sell for that price. Don't know how we'll do now but we're goin' to try 99c

Women's & Children's Wear

(Main Floor)

FLEECY—NOT FLUCEY . . . this group of eleven women's flannelette pajamas. Red plaids and floral prints originally priced at $5.95. Of course, during "dog days" we wouldn't expect you to offer us more than $2.99

OUR BUYER MUST HAVE LIKED THESE BETTER THAN SOMEWHAT . . . to have accumulated a group of over seventy-five women's cotton and nylon blouses. Evidently thought they'd sell at $2.98 to $4.98. Better hurry in and give 'em another quick glance tomorrow when the price tag will read $1.49

WE GIVE YOU A RUN FOR YOUR MONEY . . . 'cause sooner or later it's bound to come in these sheer nylon stockings. So happy we have only 27 pairs of these dark shades to offer at— 1-2 PRICE

LUCKY PURCHASE . . . yeah, you bet. Lucky we didn't buy more than we did of these women's clutch purses to try to sell at $2.98. They're genuine leather in choice colors (our choice). Didn't think we bought more than 72 but evidently we did 'cause we have 73 left. Honestly, wouldn't you like to clutch one of these for $ 1.49 half-price or just .....

NOT WRONG EVERY TIME . . . but just not right often enough, the boss says. Should have gotten $5.95 for each of these 26 women's corduroy jackets. We tried that . . . then later $4.95. Think hard and see if you can't find some use for one of these tomorrow when we plead with you to take our choice at just $2.99

REAL STAND-OUTS . . . like a giraffe in a flock of sheep—these five $3.98 nite shirts in colorful printed flannelette. Maybe that's part of our trouble . . . we've been tryin' to sell 'em in open daylight at $5.95. Tomorrow, we'll dim the lights if it'll help to move these at $2.99

MAY BE WORTH THE EFFORT . . . Just twist our arm a little (easy now) and maybe we'll let you have one of these six women's $5.95 cotton challis pajamas in size 32 or 34 for just $2.99

NOT FOR QUACKS . . . but for weather for ducks—in other words, rain. That's about the only thing comin' down during these days of high living costs, and even that'll "soak" you unless you're prepared. Better come a runnin' early tomorrow for one of these five umbrellas and we won't "soak" you more than ..... 1-2 PRICE

A WORD TO THE WIVES . . . Beauty is important 'cause a lotta' men can see better than they can think. Better hurry in for one of these women's nylon tricot gowns and try it for sighs. We're sighing already 'cause we're having to reduce this lot of 46 regular $3.98 gowns to $1.88

A SHINING EXAMPLE . . . that it's not the original cost but the "upkeep" that really counts. Especially true of this group of solid satin bras originally $2.98. If the "upkeep" fails as flat as the price, you might as well forget 'em at 99c

TWO TIME LOSER . . . These three children's coats were once looked over — then later overlooked! Sizes 2 to 4. Can't much blame you for passing 'em up at $19.95 and $24.95 or even at $14.95. Please, don't overlook these again tomorrow when we're only askin' $7.88

THICK LIMBS ARE THE HARDEST TO SHAKE . . . but if you've got 'em, shake a leg anyway and come runnin' for this one and only manicure set in velvet case tomorrow when it'll be reduced from $4.95 to $2.50

OLD FASHIONED PRICES . . . but don't get too excited—it's old fashioned merchandise, too! There are real conversation pieces in this group of 54 women's purses that were originally $1.50 to $2.98. Just try us during "dog days" starting tomorrow and see if we refuse— 49c AND 99c

DON'T BLAME US . . . for wanting to bring up the rear 'cause we have some real pulling power going to waste in this group of eleven rubber girdles. If you think you're tuckered out now, wait 'til you wiggle into one of these. No, we won't ask you $3.95 nor $2.49. We'll be happy to wiggle out of these for just 99c

AIN'T LOVE GRAND . . . It was love at first sight when our buyer saw these women's red challis nite shirts to sell at $2.98. Now everybody's seeing red (including the boss) when we have to throw these out tomorrow for 99c

AIN'T BEEN NUTTIN' BUT BAD . . . this group of forty-two women's cotton plisse slips. We didn't say "passe" but that's the impression you seemed to have when they were $2.98 and later $1.98. You can afford to use 'em for dust cloths if we lower the boom and ask you just 88c

WE KNOW HOW TO SAY "NO" . . . but just don't know when. No wonder one of these city-slickers talked us into buying this group of women's broadcloth lounging pajamas to sell at $7.95. Probably bought a dozen and only have 10 left in sizes 32 to 36. Don't you say "no" when we offer you these tomorrow for $2.99

REAL STAND-OUTS . . . like a giraffe in a flock of sheep—these five $3.98 nite shirts in colorful printed flannelette. Maybe that's part of our trouble . . . we've been tryin' to sell 'em in open daylight at $5.95. Tomorrow, we'll dim the lights if it'll help to move these at $2.99

MAY BE WORTH THE EFFORT . . . Just twist our arm a little (easy now) and maybe we'll let you have one of these six women's $5.95 cotton challis pajamas in size 32 or 34 for just $2.99

NOT FOR QUACKS . . . but for weather for ducks—in other words, rain. That's about the only thing comin' down during these days of high living costs, and even that'll "soak" you unless you're prepared. Better come a runnin' early tomorrow for one of these five umbrellas and we won't "soak" you more than ..... 1-2 PRICE

A WORD TO THE WIVES . . . Beauty is important 'cause a lotta' men can see better than they can think. Better hurry in for one of these women's nylon tricot gowns and try it for sighs. We're sighing already 'cause we're having to reduce this lot of 46 regular $3.98 gowns to $1.88

A SHINING EXAMPLE . . . that it's not the original cost but the "upkeep" that really counts. Especially true of this group of solid satin bras originally $2.98. If the "upkeep" fails as flat as the price, you might as well forget 'em at 99c

TWO TIME LOSER . . . These three children's coats were once looked over — then later overlooked! Sizes 2 to 4. Can't much blame you for passing 'em up at $19.95 and $24.95 or even at $14.95. Please, don't overlook these again tomorrow when we're only askin' $7.88

THOUGHT YOU'D EAT THIS UP . . . but you must be on a diet—one that obviously doesn't include a pajama set with quilted coat. Price was originally $15.95 and the size is 34. We're gonna' have to cut down on our diet if we don't get at least $7.99

REAL EYE-STOPPERS . . . this group of "doggy" blouses for women. Joy, joy . . . only thirteen of 'em and take it from us they've seen many a moon at $1.49 to $3.98. Just to see what will happen, we're reducing 'em during "dog days" to— 88c TO $1.99

FIT LIKE A SUNTAN . . . these rayon jersey gowns, if you get one too small. And, in this group of six, there are only small and medium sizes left. Were tagged $3.98. How about a slumber number tomor- row for just $1.88

HEIR RAISING VALUES . . . in this group of twenty-one pairs of infants' shoes including sandals and lace oxfords. Originally priced up to $2.75 but we'll be most happy to part with these during "dog days" for ..... 99c PR.

WE'RE LOSIN' OUR CAN CANS TOMORROW . . . but to some worthy people, we hope. Only twelve of these girls' can can taffeta slips, sizes 4 to 12, in the group . . . and they're soiled, of course. Originally white and originally $1.98 to $3.98. Our loss is your gain at— 1-2 PRICE

A REAL DOWNPOUR . . . at a "drop-in-the-buck" price—this group of twenty-eight girls' hats and head warmers. Were tagged $3 to sell for $2.00. Nobody will admit we bought too many. So, we'll just blame it on the weather and remark 'em for $ 1.00 "dog days" at .....

THOUGHT WE WERE ORGANIZED . . . but think maybe we'd better apply for a "learner's permit" 'til we find out more about this sellin' business. Don't know how we got stuck with this group of 24 children's challis pajamas to sell at $3.98. But, while we're learnin', will you permit us to lower the askin' price to $ 1.88 just .....

ORPHANS DELUXE . . . in this group of $2.98 to $8.95 infants' and toddlers' dresses. Sizes range from 6 months to 3 years and don't think we've had any of 'em any longer than that. Please, won't you give some of these little "dogs" a home if you can take your pick at— 1-4 OFF

YOU'VE PAWED THROUGH THESE . . . like a customs inspector and still you've passed 'em up time and again. Why don't you clean us out of this little group of $1.99 to $2.49 toddlers' dresses tomorrow when you can have 'em for just— 88c AND $1.49

Boys' Department

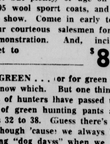

(Main Floor)

AIN'T NUTTIN' BUT A HOUND DOG . . . this boys' wool short coat in size 10. Been layin' around for some time at $12.95. Sure wish Elvis could help us move it. But, if we've gotta' do it ourselves, $ 6.88 we'll be lucky to get .....

IT ONLY HURTS FOR A LITTLE WHILE . . . and then we try to forget that we ever had a gob of little boys' $1.49 cotton flannel sport shirts that we had to part with for 77c

WE WERE SWEPT OFF OUR FEET . . . and the salesman didn't use a broom. But, the boss is considerin' swattin' someone on the hinder quarter if we don't get rid of these 44 boys' gabardine sport shirts . . . and quick! Just to sawe our hide won't you grab an armful of these tomorrow when they'll be slashed from $2.95 to just $1.77

THERE'S NUTRITIONAL VALUE IN THESE . . . just gottas' sell 'em or we don't eat. And, it doesn't look like we'll eat too well anyway if we've gotta' let you take these 16 boys' $19.95 gabardine suits at one-third off. But maybe we can $ 12.88 eat twice a day if we even get .....

WHERE OH WHERE HAS OUR LITTLE DOG GONE? . . . Nott that we give a bow wow 'cause we're concentrating on the big ones now—these 5 big boys' jackets and suburban coats in sizes 14 to 20. Slightly irregular at $14.88 amd very $ 7.50 irregular at .....

OUT OF THIS WORLD . . . or maybe that's where they ought to be—this group of 7 boys' $19.95 wool sport coats in sizes 13 to 18. Can't be responsible for what happens but just wish you the best of luck when you take one of these home to junior and tell him you got it at Hart's "Dog Sale" for just $12.88

GOIN' HOG WILD! . . . Never sausage a value. What we mean is that you just don't find "dogs" like these every day. Ten pairs of drab gray and tan gabardine slacks for boys and they're tagged $7.95. But tomorrow is D-Day . . . de day to butcher the price and we think it'll be $3.99

IT TAKES A SAD MAN TO SING A SAD SONG . . . and tomorrow, you just listen for the wails as you mear this rack of 14 boys' wool jackets in sizes 6 to 18. Were supposed to look like $12.95, if firsts. As slight imperfects, we tried $7.88 but that was no knock out. Tomorrow we'll meet all comers (and over half-way) $ 4.99 if we think they have .....

NO BLUE RIBBON WINNERS HERE . . . These are just assorted muts at regular "dog day" prices. Goody, goody, there are luckily only five of these $8.95 and $10.95 boys' corduroy sport coats to re-mark at— $4.88 AND $5.88

No need to worry about it running into anything or getting away from you for it stops when you do. We stopped pushin' it at $27.50 and here it is at $16.88

SHOULD HAVE BEEN A BAND LEADER . . . 'cause we're so used to facing the music. But, this time if it's not good, a flick of the dial might sweeten things up a bit (and we could stand that). SLIGHT COVER CHARGE . . . but very reasonable, we think, for these fifteen plaid sheet blankets in size 72 x 84. Originally priced at $1.98. We admit they're not much cover but how slight a charge can you get— any less than $1.00

GOT ALONG WITHOUT YOU . . . before we met you, gonna' get along without you now. Just thinkin' o' ourselves, of course, because our "dogs" can't talk back. But that's the way we feel about this blue $25.00 reversible tufted bedspread you can have, if you hurry, for $12.88

HE CAME . . WE SAW . . WE CONCURRED . . . and we've been sorry ever since. The man shouldn't have given us such a line about these printed flounce bedspreads. Can't remember all the good points now but have found out some of the bad ones. The main one is that they just refuse to budge at $10.95. We'll consider it a moral victory tomorrow, if, for any of these $ 6.88 five, you hand us .....

DON'T RATE TOP BILLING . . . but they're members of the supporting cast—these women's cotton bras. Haven't made much of a name for themselves at $1.00—in fact, they flopped. If you can find a fittin' size here tomorrow, we won't bill you for more than 59c

MUST HAVE BEEN THINKIN' OF A HORSE . . . when we bought this group of forty-four men's belts—they look like they would have made better bridles. But we can't afford to horse around with these any longer at $1.00. How about— 1-2 PRICE

KINDA' CRUMBY . . . these six aluminum silent butlers. But, they're supposed to pick up crumbs, we're told. Sure haven't made any noise at $1.00. Here's your chance for a butler that won't talk back for just 50c

GOOD INSULATION . . . in this group of misses' and children's quilted dusters. Once upon a time they were $4.98. The sizes are small—the new price ..... $2.99 smaller

WE'VE GOT SUCTION . . . but it's mighty poor in this one-and-only $8.55 carpet sweeper. Gotta' turn loose of it tomorrow for just $4.37

SURE YOU CAN LAY DOWN THE LAW . . . but the little woman will appeal and she'll have to accept all the amendments. So, you might as well let her come on up to the "dog sale" and get you some of these 46 men's $2.98 sport shirts for only $1.66

SOME WILL—SOME WON'T . . . and these 44 boys' sport shirts in sizes 6 to 16 definitely won't budge at $1.69 and $1.98. Could we coax you a little, if we say 99c

THESE ARE PRICE-LESS . . . temporarily, but think we'll be able to get these two lamps in floor lamp and a bridge lamp) remarked by tomorrow. Originally $16.50 and $20. You can get lit up tomorrow for— 1-2 PRICE

A REAL GEORGE APPLIANCE . . . and you'll have to come runnin' early tomorrow if you get this chrome automatic coffee-maker. Now priced at $37.50 $ 18.88 but tomorrow .....

JUST PASSIN' THE TIME OF DAY . . . and would like to pass it on to you tomorrow in the form of this $14.95 modern design electric wall clock for just $8.50

FOR YOUR INFORMATION . . . this is not our millinery department, but a group of lamp shades we're offering at— 1-2 PRICE

OH, PLASTIC, PLASTIC . . . what crimes are committed in thy name. Here's one of 'em—a dinnerware set with service for 8 supposed to sell for $45.50. Another proof crime doesn't pay $22.50

NEVER MIND THE WEATHER — Sunshine, rain, sleet, snow or ice. Thursday, Friday and Saturday are "Dog Days" at Hart's. Come by bus, train, airplane, automobile or afoot, but be sure to come for fun, excitement and bargains. Better follow the crowd and line up at 9 o'clock tomorrow morning to rush in and grab an armload of this junk. The more you spend—the more you save ? ? ?

REAL GONE "BUYS" . . . this group of 29 men's slacks. They've been gone by so many times at $5.95 that we've decided to try our luck tomorrow at $3.66

NOT JUST PLENTY—WE'RE LOADED . . . on these women's cotton challis gowns marked $1.98. If you shake, shiver and roll at night, maybe a warmer "nightie" would help. We can't sleep 'til we unload some of these at 99c

IF THEY'RE NOT WORTH A DARN . . . don't try it. Just throw 'em away and get your hubby some of these 66 pairs of nylon stretch socks, while they last. Some of these may already be darned. Anyhow tomorrow, the price shrinks to just ..... 29c PR.

Women's & Children's Shoes

(Second Floor)

THE PENALTY FOR EXCEEDING THE FEED LIMIT . . . Put on too much weight in our stock of women's shoes, so now we've gotta reduce. Only 247 pairs including flats, sports, wedgies and dress heels originally priced at $5.98 to $9.95. Just hope they stay with you as long as they have with us if, during "dog days", we let 'em go for— $2 TO $3.99

NEVER FELT MORE LIKE CRYIN' ALL NIGHT . . . 'cause everything's wrong and nothin' ain't right (yes say) with these 98 pairs of children's shoes. Sport oxfords, fancy straps and playshoes supposed to sell at $4.98 and $5.98. Tomorrow we'll come crawlin' just to get— $2 AND 2.99 PR.

Mezzanine Gift Shop

WIPED OFF THE DUST . . . and discovered two aluminum clothes hampers marked $5.95. Something's been hamperin' 'em for some time, we know and maybe the price was it. Well ain't they worth ..... $2.99 even

MUST HAVE RUBBED YOU THE WRONG WAY . . . when we offered you this copper chafing dish at $16.50. Could we heal the wounds at $8.88

THESE ARE PRICE-LESS . . . temporarily, but think we'll be able to get these two lamps (a floor lamp and a bridge lamp) remarked by tomorrow. Originally $16.50 and $20. You can get lit up tomorrow for— 1-2 PRICE

A REAL GEORGE APPLIANCE . . . and you'll have to come runnin' early tomorrow if you get this chrome automatic coffee-maker. Now priced at $37.50 $ 18.88 but tomorrow .....

FFA Projects at HTHS Have Earned $14,678 Plus $304 in Show Money

29 Members in Chapter; National Week is Observed

Future Farmers of America members throughout the nation are observing National FFA Week, Feb. 16-23.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed primarily to help develop rural leadership and good citizenship and to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

The Harrisburg Township high school FFA chapter has 29 members. Officers are: Charles Buchanan, president; Benny Lane, vice president; Bill Fox, secretary; James Stricklin, treasurer; Jesse Thompson, reporter; Duane Lovellette, sergeant-at-arms.

E. J. Thompson, vocational agriculture instructor in the HTHS, serves as advisor of the FFA chapter.

The national Future Farmer organization has more than 383,000 members in the 48 states, Hawaii and Puerto Rico. Membership in Illinois totals 17,500.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although generally recognized as a Revolutionary War General and the nation's first President, Washington's first love was the farm he called Mount Vernon. There, he was one of the first in the nation to practice contour planting, crop rotations, fertilization, and other soil conservation and improvement methods. It was more than a century after Washington's death before general use was made of many of the sound agricultural practices that he advocated.

A requirement and one of the most important features of the vocational agriculture program is the carrying on of one or more farm projects by each FFA member.

Several members of the HTHS chapter have from four to six projects each.

During the past year FFA students at the Harrisburg Township high school earned $14,678.83 from their projects and collected $304.98 from shows.

Bill Requiring Lobbyists to Register Clears First Hurdle

Introduce Measure To Eliminate Auditor, Treasurer Offices

SPRINGFIELD (UP) — A bill to require registration of lobbyists was clear of its first hurdle in the Legislature today and a resolution was introduced to eliminate the auditor and treasurer as elective offices.

Both measures were aimed at preventing Hodge-type scandals in the future.

The Senate Judiciary Committee Tuesday voted a recommendation for passage of a Democratic sponsored bill to require lobbyists to register and file reports on their spending.

Administration leaders Sens. Arthur Bidwill and George E. Drach, meanwhile, introduced a resolution asking that a constitutional amendment be submitted to the voters in 1958 to eliminate the auditor and treasurer as elective offices.

This was a recommendation of both Gov. William G. Stratton and the Morey-Jenner report on the Hodge scandal. The two offices would be made appointive.

However, the governor wants an auditor general to be appointed by and responsible to the governor.

Five senators in his own party, on the other hand, have introduced a bill to carry out the Morey-Jenner recommendations by making the auditor general appointive by and responsible to the Legislature.

A fight on the matter seemed to be in the making with the governor saying he will "vigorously oppose" the plan for a legislative auditor and the sponsor of the legislative auditor bill saying he and the four other sponsors are "solid as rocks" behind their bill.

Chief sponsor of the bill opposed by the governor is Sen. W. Russell Arrington (P-Evanston).

500 Rail Workers Will Return to Work at Centralia

CENTRALIA, Ill. (UP) — Some borrowed liquid oxygen is going to put 500 railroad workers here back to work next Monday after a three-week layoff.

Walter Kramer, chief clerk of the Illinois Central Railroad car shops at Centralia, said supplies of liquid oxygen will be borrowed from other points along the IC line. The oxygen is used in cutting and welding operations.

The men were laid off two weeks ago due to strikes of the Linde Co., which manufactures the liquid oxygen, in Pennsylvania and New York plants.

Kramer said 200 other workers laid off at Centralia due to the eastern strikes will not be called back next Monday.

Syrian Leader Assassinated

BEIRUT, Lebanon (UP)—The assassination in Beirut of Maj. Ghassan Jadid, one of Syria's top anti-Communist leaders, may blow the lid off the explosive Syrian political situation, diplomats said here today.

The shooting also was certain to add new tension to the relations between Syria and Lebanon, already cool because Syrian political refugees to the left-wing Syrian government.

Jadid was machinegunned Tuesday in a Beirut street by Izzet Shaat, a hired assassin who was reported to have been trailing the Syrian political refugee for weeks. New Syrian-made machinegun bullets were found in the street.

The assassin was killed in a rooftop gun battle.

Jadid was a hero of the Syrian revolution against France and of the Palestine War. He was leader of Syria's outlawed and anti-Communist Syrian Popular Party (PPS) which was driven underground in Syria but is still strong.

Admits Treating Neighbors While Posing as Doctor

JERSEY CITY, N. J. (UP)— A young Negro hospital orderly admitted to police Tuesday night that he had treated his neighbors for more than a year while posing as a doctor.

Clarence K. Garland, 26, a $175-a-month orderly at New York's Flower Fifth Avenue hospital, was arrested on a tip from a pharmacist.

Garland, a native of Portsmouth, Va., said he always had wanted to be a doctor, but he didn't have the money to go to college. He told police he learned the rudiments of medicine by watching doctors in various hospitals where he had worked during the past several years.

He said he had treated neighbors for colds, cuts and bruises, dog bites, arthritis and veneral disease, but never accepted a fee. Garland also said he never had performed any major operations.

Mrs. Audrey Garland, 18, whom he married last October, expressed disbelief at her husband's arrest. She said she thought he was a doctor.

Captain Mark Fallon said he found instruments and medicines in a physician's black bag when he arrested Garland at his home. Garland said he had stolen the instruments and medicine from hospitals.

Senate-House Group to Study Judicial Measure

SPRINGFIELD (UP) — The House today adopted a resolution to create a Senate-House committee to study and coordinate a series of bills to add judges in several judicial circuits.

The resolution reached the Senate for concurrence after the Senate had adjourned for the day, so it cannot be acted on there until next week.

The committee would make recommendations on which circuits should have additional judges. The resolution was adopted after a flurry of bills affecting several circuits were introduced in both houses.

Teacher in France Fatally Stabbed Before Her Pupils

FONTAINEBLEAU, France (UP)— A berserk teacher from Africa burst into the classroom of a pretty Dutch teacher today and stabbed her to death before the eyes of her screaming pupils.

Police said Andreas Goka, 28, a native of Togoland, West Africa, stormed into a class being taught by Dutch-born Miss Maria Catharena Van Steyn at an international school attended by children of American and other officers at supreme Allied headquarters.

Miss Van Steyn died almost immediately from knife wounds in her chest, police said.

Couple Bound Over to Grand Jury for Slaying

SALEM, Ill. (UP)—A young couple charged with murdering an Indiana Marine has been bound over for grand jury action.

The couple, Robert Baker, 26, and his wife, Trudy Jo, 17, waived preliminary hearing Tuesday before Justice of the Peace J. W. White.

They are being held without bond in Marion County jail at Salem.

Sheriff William Hoskinson said the couple re-enacted the crime late Tuesday at his request. Hoskinson said they did not object to the request.

The sheriff said Marine Larry M. Kirk, 21, Winslow, Ind., was slain about two miles west of the Marion-Clay county line and the body dumped just inside Clay County.

Baker and his wife were returned Monday from Prosser, Wash., where they reportedly gave signed confessions in the slaying to authorities.

State's Atty. Basil Wilson Tuesday received permission from County Judge James McMackin Jr. to prosecute Mrs. Baker on the murder charge. The action was necessary because of her age.

Wave of Cold Air Sweeps Nation

By United Press

A cold air wave swept much of the nation from the West Coast to the Middle Atlantic states today, ending three days of general rains in sections of the drought-parched Southwest.

The wintry air mass pouring from Canada seeped into Washington state and extended eastward through the central Plains and into the Ohio Valley and the Middle Atlantic Coast.

Rainfall in the West was reduced to a trickle of freezing rain and drizzle in the central Plains and occasional rain in the southern Plains.

The rains eased drought conditions in Texas and Oklahoma, but officials said it was not enough to end the marathon dry spell.

Sub-zero readings were common along the northern tier of states from Montana through Wisconsin, with Cutbank, Mont., reporting an early morning temperature of 14 below and Grantsburg, Wis., 13 below.

Snow flurries hit the eastern Great Lakes region and southern New England Tuesday night.

House Gives Final Passage to SIU Emergency Funds

SPRINGFIELD (UP)—The House today gave final passage to a $400,000 emergency appropriation for Southern Illinois University.

The extra money to accommodate larger-than-expected enrollments, was voted unanimously without debate.

The bill now goes to the governor for signature.

The Senate, meanwhile, passed and sent to the House a bill to permit increases in the salaries of mayors and commissioners in commission form cities.

The bill would apply to 74 cities including Aurora, Wheaton, Danville, Decatur, and Springfield.

The bill was passed after the Senate Tuesday rejected an amendment that would have submitted any pay increases to the voters for approval in a referendum.

Plan A-Power Plant In Ohio Valley

WASHINGTON (UP)—A group of 12 electric utilities proposes to build a small experimental atomic power plant somewhere in the Ohio Valley and follow it up with a 200,000-kilowatt station if the experiment is a success.

The project, described as developmental, would be financed in part by the government under the Atomic Energy Commission's power reactor demonstration program. The AEC will study the proposal when full details are supplied and decide whether to accept it as a basis for contract negotiation

In Legislature List of Major Bills Introduced

SPRINGFIELD (UP)—Here is a list of major bills introduced in the Legislature Tuesday. The bills would:

Appropriate 1 1-2 million dollars to the State Health Department to buy and distribute free Salk polio vaccine.

Provide more three-day holidays by celebrating certain legal holidays on Monday, regardless of when they fell. A House bill provided for Monday observances of Lincoln's and Washington's birthdays, July Fourth, Memorial Day, Veterans Day and Columbus Day. A Senate bill would combine Lincoln's and Washington's birthday into "President's Day" on the second Monday in February, and provide for Monday observances of Memorial Day, July Fourth, and Thanksgiving Day.

Require school boards in order for their districts to qualify for state school aid to file sworn statements that the districts have not discriminated in the hiring of teachers on the basis of creed, color or nationality.

Create an Illinois building authority which would have power to issue bonds and borrow money for construction of state hospitals, prisons, new buildings at state colleges and universities. The authority also would be empowered to construct elementary and high school buildings and lease or rent them to local school districts until they are paid for. A similar bill was defeated last session.

Provide for holding primary elections in June, rather than April as at present. This is part of Gov. William G. Stratton's program and is aimed at cutting down the expense and time involved in political campaigns.

Prohibit trucks, other than milk and perishable products trucks, from using state highways on Sundays and legal holidays.

Create a permanent commission to study the problems of municipalities, including salaries and zoning and other matters. This is another Stratton recommendation.

Prohibit the sale of alcoholic beverages in downstate counties between 1 a. m. and 7 a. m. except by ordinance or resolution of local authorities.

Limit to 3 per cent the amount public utilities may discount or charge as a penalty for prompt or late payment of utility bills.

Continues Playing 'Satchmo' Armstrong Refuses to Interrupt Tour After Bombing

KNOXVILLE, Tenn. (UP)—Negro trumpet player Louis "Satchmo" Armstrong refused to interrupt his southern tour today because of a racial bombing targeting his concert here Tuesday night.

"I've been playing the horns for 44 years and never had any trouble before," Satchmo said, commenting on the blast set off outside the auditorium in city-owned Chilhowee Park.

Armstrong was bearing down on his "Back O' Town Blues" when two or three sticks of dynamite exploded outside, sending a shock wave through the segregated auditorium jammed with 2,000 white and 1,000 Negro jazz fans.

Didn't Miss A Beat

There was a stir. Many heads turned toward the direction of the earth-shaking explosion, which tore a five-foot hole in the ground outside. But it did no other damage and no one was hurt.

The Armstrong instrumental ensemble did not miss a beat and Satchmo himself stopped blowing his trumpet only long enough to say "It's O. K. folks. It was just my telephone ringing."

The concert of Armstrong favorites such as "I Get Ideas" and "Lucky Old Sun" continued for 20 more minutes. The troupe left immediately afterward by chartered bus for Columbia, S. C.

Eli Weinburg, a show promoter from Bluefield, W. Va., said Armstrong will not let the incident shorten his southern tour now in its third week.

"What's Clinton?"

Armstrong, wearing a dark blue suit with white buttons and a black four-in-hand tie told reporters afterward, "I feel like I could go right to Birmingham and play—I don't believe we'd have any trouble."

Negro singer Nat (King) Cole was assaulted on the stage of City Auditorium in Birmingham, Ala., a year ago by white segregationists campaigning against mixed musical performances.

Armstrong was asked whether he realized Knoxville is only about 20 miles from Clinton, Tenn., where dynamite damaged 30 Negro homes last Thursday night in a recurrence of school integration demonstrations.

"What's Clinton?" Armstrong said. "I'll blow anywhere. The horn doesn't know anything about these race troubles."

DUESSELDORF, Germany (UP) —A German specialist offered his medical help today to a dying American credited with shooting down 29 German planes in World War II.

Dr. Josef Evers said he believes he can aid U. S. air ace John Godfrey, who has been told a rare disease, amyotrophic lateral sclerosis, will kill him within two years.

The 60-year-old doctor, a specialist in the various forms of sclerosis, said his treatment has been successful in other cases similar to Godfrey's if the patient came under his care in an early stage of the disease. Godfrey now is undergoing a new type of treat-

11-Story Building Collapses at Rio De Janeiro

RIO DE JANEIRO (UP)—More than 100 firemen and policemen sifted through a grotesque hill of broken masonry and twisted girders today for victims caught in the collapse of an 11-story building.

At least four persons were missing and presumed dead. Twenty-two others were injured, including a worker who had been standing on top of the building inspecting a threatening crack when it collapsed.

Police said there was no way of knowing exactly how many persons were buried under the debris until the search is completed.

The building, which was condemned for occupation last week, began cracking about 2 p. m. Tuesday. Three hours later it buckled and collapsed with a tremendous roar into an adjacent lot where workmen were constructing a new building.

Volcano Erupts In Guatemala

Villagers Prepare For Evacuation Near Capital City

GUATEMALA CITY (UP) — The "Volcano of Fire" 30 miles west of this capital city belched forth flames and smoke today and nearby villagers prepared for possible evacuation.

The volcano erupted spectacularly Tuesday night and the lava began raising slowly. A column of smoke hundreds of feet high could be seen from the heart of Guatemala City.

Rumblings that accompanied the eruption were stronger than any in the past year although the volcano frequently shows signs of activity.

No earthquakes accompanied the beginning of the eruption, but residents of Antigua and Guatemala City as well as the village of Escuintla which is near the slopes of the volcano made prenarations to flee if the lava overflows the rim or ground tremors hit.

Reports from other villages near the volcano said there was similar alarm but no panic as yet. Residents of this Central American country have witnessed the destructive powers of earthquakes and volcanos in the past.

Antigua was the capital of Guatemala until it was wiped out by an earthquake in 1773. Guatemala City was established as the capital in 1776 but was destroyed by earthquakes in 1917-18.

House Committee Votes Higher Vet Disability Aid

WASHINGTON (UP) — The House Veterans Committee voted unanimously today to increase disability payments by more than 25 per cent to veterans totally disabled in service.

Other veterans disabled in service would receive payments 10 per cent higher than at present under a bill approved by the committee.

A presidential commission headed by Gen. Omar N. Bradley reported recently that totally disabled veterans were grossly underpaid. It recommended their pensions be increased.

A similar measure was approved by the House last year but failed to win Senate passage.

CONSTIPATED?
New laxative discovery un-locks bowel blocks
without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses COLONAID'S great moisturizing capacity, plus COLONAID'S stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Get COLONAID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

XXXV

The smells were familiar to her—flowers and alcohol, a faint hint of creosote. A chair was being pushed along the hall; in it was an old lady, obviously agitated. A starchy white nurse pushed the chair, and a white-clad doctor walked beside it. Dr. Knapp.

He nodded to her, but kept his full attention on his patient.

Francy's door stood open; Cass knocked lightly upon the frame and went in. Francy sat in her wheel chair, her back to the windows. Beautiful, well - groomed, well-dressed, she sat like a spider in her web and watched Cass, letting the girl tell her business, state the reason for her call.

Cass stiffened her back, lifted her chin, and spoke briskly to the point. "Mrs. Knapp," she said crisply, "it may not surprise you to know that I—that we—are planning to dispose of the Haven for Alex's mother. We have her power of attorney."

"It does surprise me."

"The Bank has offered us $40,000 as the place stands today. Name, good will—the services now in effect. It occurs to me, and to Alex too, that the hospital here might itself want to purchase the Haven. We realize how much House Springs depends upon that out-patient facility."

"We helped Cordy Ward start it—" Francy attempted.

"Oh, yes, I know the whole history of it. Your help was valuable, just as was the extra work and devotion which Aunt Cordy put into the project. But—as a strictly business operation—the place now has a fixed value, either to the Bank, or to House Springs Hospital.

"When I talked to Mr. Clark at the Bank this morning, I stated certain conditions which we would also make to you. If you buy the Haven and run it—and we can't conceive of your wanting to give up a service so helpful to you—we'd ask that Mrs. Ward be permitted to keep her room, and allowed to stay where she is now for as long as staying there seemed advisable for her peace of mind. Whoever buys the Haven, she still would need the hospital's care as a patient. We plan to put the cash from the Haven's sale into annuities, and of course would pay for her care."

• • •

Francy's fingers had begun to tap the arms of her chair. "But what about you, Cass? Will you stay and run the Haven? You've done a marvelous job with it."

Cass smiled wryly. "I did it only in the emergency. No—I wouldn't stay on. You see, I gave up a business career to marry."

Francy smiled. "What will you do?"

Cass felt her cheeks color. Francy—the hospital—knew where Alex was. And she did not.

"My plans are indefinite," she said coolly. (And Francy still smiled.)

"Well," she agreed, "I'll talk your proposition over with Sue."

Cass's whole face became a question mark.

"Oh, with Matt, too, of course," said Francy. "But Sue is the man of that family. And it's quite all right — Matt likes it that way. Though I fully expect Sue to do something about that now."

Cass tugged at the cuff of her glove. "I'll come back tomorrow," she said, "for your answer."

She pushed through the swinging doors into the front hall.

"Cass! Wait—" It was Sue's voice, not loud, but clear. She was coming swiftly along the corridor from the other wing. Cass waited, fingering her purse. "I was just going home," Sue explained, a little out of breath. She caught Cass's elbow into her hand; together they left the hospital, and cut across the grass toward the cottage. "I was going to call to tell you that Matt was home."

"Yes," said Cass, "I saw him."

"Hmmmmn. Got in last night. He'd read about Lenoire—and he came back. It was a nasty jolt for him, of course."

Cass stopped dead, to turn and look at Sue. Her face was puzzled.

She reflected her expression. "Didn't Alex tell you?"

"Tell me what?"

• • •

Sue gestured toward chairs which stood under the trees of the cottage lawn. "About Matt and Lenoire. He knew from the first. Your Alex is a very smart boy.

"You see, Lenoire came here because of Matt," said Sue. She crossed her long legs, and ran her thumb nail along the edge of the white coat which she wore. "She was a nurse—remember that morning with Aunt Cordy when we thought she might have been? Well, she was. In the same hospital where Matt was in service. They—he says they went around together. Then she became ill, and was sent back to the States. And she decided to hit the hospital he'd talked about at just the same time he was due home. He'd kept in touch with her, I think. But, anyway, she came here for treatment of a slight paralysis left over from her illness. Alex spotted her as a phony, he connected her with Matt—and he tried to warn me."

Cass gazed at Sue incredulously. "But the things she did—the houseboat—and that car . . ."

"Remember her still, calm manner? Well, she was still, all right—and deep. She wanted Matt. She wanted to be able to put me out, and take my place and have the town accept her. So first she must establish herself in the town's esteem."

"Hmmmn. And on the day of the big storm—they planned to leave town separately, and meet in St. Louis. But poor Lenoire never made it."

Employment Shows Decline

CHICAGO (AP) — State Labor Director Roy F. Cummins reported today that employment in nonfarm industries in Illinois dropped 97,400 from mid-December to mid-January.

Cummins said the decline, from 3,525,700 to 3,428,300, was due mainly to seasonal factors. Construction was affected by severe winter weather, he said, and the usual layoff occurred among temporary postal workers after the Christmas rush.

However, he said, employment still was 14,800 above that of January, 1956.

Whitey Lockman Studies Movies to Improve Hitting

By United Press

One of those "revival" movies was working wonders today for Whitey Lockman of the St. Louis Cardinals.

Lockman, who came to the Cards from the Giants last season and wound up with a disappointing .260 average, has been one of the outstanding hitters in the Cardinals' early camp at St. Petersburg, Fla.

"I studied movies of how I used to bat and how I was batting in the slump," he said. "I saw what I was doing wrong and I believe by coming to camp early, I'm going to be able to correct things."

Vinegar Bend Mizell, the ace of the Cardinals' pitching staff, arrived at camp Tuesday and was scheduled to take his first workout today.

At Orlando, Fla., Sherry Robertson succeeded Ossie Bluege as the farm director of the Washington Senators. Bluege was elevated to the comptroller's job. Robertson, a former Senator infielder, is the brother-in-law of Washington President Calvin Griffith.

Up north, first baseman Mickey Vernon signed an estimated $30,000 contract with the Red Sox. The 39-year-old Vernon batted .310 with Boston last season, hit 15 homers and drove in 84 runs.

Only five members of the White Sox remained unsigned following the acceptance of terms by third baseman Fred Hatfield and pitcher Tom Flanigan. Those still unsigned were pitchers Ellis Kinder, Bob Keegan and Jim McDonald, infielder Tommy Brown and first baseman-outfielder Dave Philley.

The Washington Senators have finally given up their efforts to be known as the Nationals. They tried for more than 50 years to popularize the name of Nationals, says The Sporting News, but everybody still called them the Senators. Just a few days ago, they made the name Senators official. Their new official emblem is a senatorial-like character with bushy white eyebrows and a battered campaign hat, striking a pitching pose.

Palmer Asks Higher Hunting, Fishing Licenses

SPRINGFIELD (AP) — State Conservation Director Glen D. Palmer said today he asked for $1 increases in the charge for hunting and fishing licenses because "present income simply will not meet the mounting demands" for additional facilities for hunters and fishermen.

Palmer has had introduced in the Legislature bills to increase the hunting license fee from $2 to $3, and the fishing license from $1 to $2. Under the bills the amount of the increase would be earmarked for matching federal aid funds and for other permanent improvements in Illinois fishing and hunting facilities.

In a letter to the Legislature explaining the requested increases, Palmer said there has been an 80 per cent increase in the number of licensed fishermen in Illinois since the last increase in 1945 and that the number of licensed hunters has increased by 60 per cent.

Palmer said he proposes to use a large part of the increase from fees for acquisition and development of areas along streams and lakes, because it is becoming increasingly difficult for a hunter or fisherman to get to a good place to enjoy his sport.

Palmer said a major reason the increase is needed is the increasing amount of federal aid money available to Illinois. But he said to get cost of a project, then get a reimbursement of 75 per cent of the money from the federal government.

If these federal funds are not covered by state money, Palmer said, they are lost completely.

Thinking It Over

By Robert L. Dieffenbacher, D.D.
(Written for NEA Service)

"How are you going to do it?" is a question asked by someone every time we make a proposal.

Although we have planned, predicted, counted on normal occurrences, and studied past experiences we always include a certain amount of faith.

Faith is a belief in the present and in the future.

If we had no faith we should not be able to eat or sleep or breathe. We have confidence in the food which we consume. We have no reason to believe that our beds will collapse, or that the house will burn down. The air may be contaminated but it has not poisoned us in the past.

We are "going to do" everything by faith in God. Let us admit that faith is behind all endeavor and our faith will grow. Faith in God is not as mysterious as we sometimes think.
